ROLL CALL: The meeting was called to order at 7:00 pm. All officers were in attendance with exception to the President and Second Vice President.

Meeting Attendance: There were 34 members in attendance.

MEMBERSHIP: We now have 481 registered members.

BILLS: Read to the membership and accepted.

SCHOLARSHIP: Fund is now \$500.00

SANFORD RANGE: See committee news on [page 4](#).

BERWICK RANGE: See committee news on [page 4](#).

Thanks to everyone that showed up to the Christmas Dinner.

I believe we had an great turnout with a lot of good food.

The trap range is now closed for the season and will resume in spring of 2019.

If you have any comments or questions about the **newsletter**, would like to see things added or receive the newsletter monthly via e-mail please send your comments / questions to the new association e-mail address located at the top of the front page and it will be forwarded on to the appropriate association officer for action/response.

Committee Chairpersons can be reached via the listed numbers or e-mails. As you can see below there are vacant Committee Chairperson seats and if you would like to volunteer, please contact an association officer. If you would like to help out with one of the committees that is already chaired, contact the chairperson listed.

Don't hesitate, they would be glad to hear from you.

General Range Information

As a reminder, this is a cooperative club. It takes everyone's help to take care of the ranges. All ranges are now stocked with supplies/tools to fix and replace target backboards in every house. If you see issues with the target backboard(s), please fix it/them.

Taking trash out of the range houses is also a member responsibility. There are dumpsters located at each range. It only takes a few minutes to clean up and if you see the trash can getting full, please empty it.

There is no dedicated staff to take care of these tasks. Only you can make your club better.

If there are problems with buildings, locks or fences please let the range chairman or a club officer know.

General Lock and Combination Information

It has been noticed that some members have been opening the combination locks at the ranges for entry and only changing one of the tumblers to lock the gate back up. This is not a safe practice as anyone can come up and look at the lock and over time could easily put together what our combination is. We have already had a case of vandalism at the Sanford range this year. Please help out and roll all of the lock tumblers to a random number when you're done. Thanks...

Committee News

SANFORD RANGE:

Remember this is your club. Your dues may pay for what we have but without you or someone else to volunteer and clean up after you it is not going to be done. Be proud of what we have and take care of it.

We are a volunteer club, with out you and your help there is no club.

BERWICK RANGE

If you see a target board that needs to be replaced, replace it. It's only a couple of screws. If the trash can needs to be emptied, then take it over to the dumpster and empty it. Please put the old target boards in the wood shed next to the pistol range.

Please do not put targets **on or against** the 2x4s or upright posts. These are the frames that hold the target boards and cost a lot more to replace. Do your part and remind your friends and others if they forget.

Please pick up your Brass—Even if you don't Reload!!!
